1. GESTIONE AUTENTICAZIONE

1.1.Test_Login

ID	TC_1.1.1
Output atteso	Il login non andrà a buon fine perché i campi username e password sono vuoti.
Output di sistema	Il login non andrà a buon fine perché i campi username e password sono vuoti.
Esito	Fail

The screenshot displays the Selenium IDE interface for a project named 'PlanetVideo'. The test suite 'TC_1.1.1' is selected, showing a sequence of 8 steps. The first step is 'open' with the target 'http://localhost/PlanetVideo/'. The second step is 'click' on the link 'linkText=Accedi'. The third and fourth steps are 'click' and 'type' respectively, both targeting 'name=username'. The fifth and sixth steps are 'click' and 'type' respectively, both targeting 'name=userpass'. The seventh step is 'click' on the element 'css= tableRow:nth-child(3) input'. The eighth step is 'assert text' on 'css=h2' with the value 'Accedi inserendo username e password.'. The log at the bottom shows that all steps were executed successfully at 17:18:09.

Step	Command	Target	Value
1	open	http://localhost/PlanetVideo/	
2	click	linkText=Accedi	
3	click	name=username	
4	type	name=username	
5	click	name=userpass	
6	type	name=userpass	
7	click	css= tableRow:nth-child(3) input	
8	assert text	css=h2	Accedi inserendo username e password.

Log:

- 3. click on name=username OK 17:18:09
- 4. type on name=username OK 17:18:09
- 5. click on name=userpass OK 17:18:09
- 6. type on name=userpass OK 17:18:10
- 7. click on css= tableRow:nth-child(3) input OK 17:18:10
- 8. assertText on css=h2 with value Accedi inserendo username e password. OK 17:18:10

'TC_1.1.1' completed successfully 17:18:10

ID	TC_1.1.2
Output atteso	Il login non andrà a buon fine perché il campo password è vuoto.
Output di sistema	Il login non andrà a buon fine perché il campo password è vuoto.
Esito	Fail

regisztrazione_EmptyNome [Runner: JUnit 4] [0.669 s]

ID	TC_1.3.2
Output atteso	La registrazione non andrà a buon fine perché il campo cognome è vuoto.
Output di sistema	La registrazione non andrà a buon fine perché il campo cognome è vuoto.
Esito	Fail

The screenshot shows the Selenium IDE interface for a test project named 'PlanetVideo'. The test steps for TC_1.3.2 are as follows:

Step	Command	Target	Value
9	type	name=datanascita	1994-03-30
10	click	name=numcarta	
11	type	name=numcarta	1234567891234567
12	click	name=email	
13	type	name=email	email@email.com
14	click	name=username	
15	type	name=username	federico
16	click	name=userpass	
17	type	name=userpass	fede94
18	click	css= tableRow:nth-child(8) input:nth-child(1)	
19	assert text	css=h2	Inserisci qui i dati per la registrazione.

The Log tab shows the execution results for each step, with the final status of TC_1.3.2 being 'completed successfully'.

The screenshot shows the Eclipse IDE with the 'TestRegistrationUser.java' file open. The code defines two test methods:

```

//TC 1.3.1
@Test
public void registrazione_EmptyNome() throws IOException, ServletException, SQLException {
    when(request.getParameter("nome")).thenReturn(null);
    when(request.getParameter("cognome")).thenReturn("Vitale");
    when(request.getParameter("datanascita")).thenReturn("1994-03-30");
    when(request.getParameter("numcarta")).thenReturn("1234567891234567");
    when(request.getParameter("email")).thenReturn("email@email.com");
    when(request.getParameter("username")).thenReturn("federico");
    when(request.getParameter("userpass")).thenReturn("fede94");

    servlet.doPost(request, response);
    assertEquals("", element.doRetrieveByKey("federico").getUserName());
}

//TC 1.3.2
@Test
public void registrazione_EmptyCognome() throws IOException, ServletException, SQLException {
    when(request.getParameter("nome")).thenReturn("Federico");
    when(request.getParameter("cognome")).thenReturn(null);
    when(request.getParameter("datanascita")).thenReturn("1994-03-30");
    when(request.getParameter("numcarta")).thenReturn("1234567891234567");
    when(request.getParameter("email")).thenReturn("email@email.com");
    when(request.getParameter("username")).thenReturn("federico");
    when(request.getParameter("userpass")).thenReturn("fede94");

    servlet.doPost(request, response);
    assertEquals("", element.doRetrieveByKey("federico").getUserName());
}

```

The bottom of the IDE shows the JUnit runner output, indicating the test 'registrazione_EmptyCognome' failed after 0.536 seconds.

ID	TC_1.3.3
Output atteso	La registrazione non andrà a buon fine perché il campo username è vuoto.
Output di sistema	La registrazione non andrà a buon fine perché il campo username è vuoto.
Esito	Fail

ID	TC_1.3.4
Output atteso	La registrazione non andrà a buon fine perché il campo password è vuoto.
Output di sistema	La registrazione non andrà a buon fine perché il campo password è vuoto.
Esito	Fail

The screenshot shows the Selenium IDE interface with a project named 'PlanetVideo'. The test suite 'Tests' is expanded, and the test 'TC_1.3.4' is selected. The test steps are as follows:

Step	Command	Target	Value
9	type	name=datanascita	0019-03-30
10	type	name=datanascita	0199-03-30
11	type	name=datanascita	1994-03-30
12	click	name=numcarta	
13	type	name=numcarta	1234567891234567
14	click	name=email	
15	type	name=email	email@email.com
16	click	name=username	
17	type	name=username	federico
18	click	css= tableRow:nth-child(8) input:nth-child(1)	
19	assert text	css=h2	Inserisci qui i dati per la registrazione.

The test log shows the following steps:

- 14. click on name=email OK
- 15. type on name=email with value email@email.com OK
- 16. click on name=username OK
- 17. type on name=username with value federico OK
- 18. click on css= tableRow:nth-child(8) input:nth-child(1) OK
- 19. assertText on css=h2 with value Inserisci qui i dati per la registrazione. OK

The test 'TC_1.3.4' completed successfully.

The screenshot shows the Eclipse IDE with the 'TestRegistrationUser.java' file open. The file contains the following code:

```

//TC 1.3.4
@Test
public void registrazione_EmptyPassword() throws IOException, ServletException, SQLException {
    when(request.getParameter("nome")).thenReturn("federico");
    when(request.getParameter("cognome")).thenReturn("vitale");
    when(request.getParameter("datanascita")).thenReturn("1994-03-30");
    when(request.getParameter("numcarta")).thenReturn("1234567891234567");
    when(request.getParameter("email")).thenReturn("email@email.com");
    when(request.getParameter("username")).thenReturn("federico");
    when(request.getParameter("userpass")).thenReturn(null);

    servlet.doPost(request, response);
    assertEquals("", element.doRetrieveByKey("federico").getUsername());
}

//TC 1.3.6
@Test
public void registrazione_EmptyEmail() throws IOException, ServletException, SQLException {
    when(request.getParameter("nome")).thenReturn("federico");
    when(request.getParameter("cognome")).thenReturn("vitale");
    when(request.getParameter("datanascita")).thenReturn("1994-03-30");
    when(request.getParameter("numcarta")).thenReturn("1234567891234567");
    when(request.getParameter("email")).thenReturn(null);
    when(request.getParameter("username")).thenReturn("federico");
    when(request.getParameter("userpass")).thenReturn("fede94");

    servlet.doPost(request, response);
    assertEquals("", element.doRetrieveByKey("federico").getUsername());
}

```

The JUnit test results show that the test 'registrazione_EmptyPassword' failed. The failure message is:

```

assertEquals("", element.doRetrieveByKey("federico").getUsername());

```

The test results summary shows:

- Runs: 1/1
- Errors: 0
- Failures: 0

The test 'registrazione_EmptyPassword' (Runner: JUnit 4) [0.473 s] failed.

ID	TC_1.3.5
Output atteso	La registrazione non andrà a buon fine perché l'input <i>numerocarta</i> è in un formato sbagliato.
Output di sistema	La registrazione andrà a buon fine.
Esito	Pass

The screenshot displays the Selenium IDE interface for a project named "PlanetVideo". The URL bar shows "http://localhost/PlanetVideo/admin/adminlogin.jsp". The test suite is listed on the left, with steps TC_1.1.1 through TC_1.3.8. The main pane shows the details of the selected step, TC_1.3.5, which is an "assert element present" command. The target is "id=errorecarta" and the value is "id=errorecarta". The log at the bottom shows the execution of the test suite, with the assertion step failing due to the element not being found.

- 'TC_2.2.1' completed successfully 17:26:37

2.3.Test_ListaPreferiti

ID	TC_2.3.1
Output atteso	L'elemento viene aggiunto correttamente alla lista dei preferiti.
Output di sistema	L'elemento viene aggiunto correttamente alla lista dei preferiti.
Esito	Fail

The screenshot shows the Selenium IDE interface for a project named 'PlanetVideo'. The 'Tests' pane on the left lists several test cases, with 'TC_2.3.1' selected. The main area displays the steps for this test case:

Step	Command	Target	Value
1	open		http://localhost/PlanetVideo/login.jsp
2	click	name=username	
3	type	name=username	andrefilm
4	click	name=userpass	
5	type	name=userpass	andrea80
6	click	css=tableRow:nth-child(3) input	
7	click	linkText=CATALOGO	
8	click	linkText=Aggiungi ai Preferiti	
9	assert element present	id=preferiti	
10	assert element present	css=td:nth-child(2)	

Below the steps, there are input fields for 'Command', 'Target', 'Value', and 'Description'. At the bottom, the 'Log' pane shows the execution results:

```

5. type on name=userpass with value andrea80 OK 17:27:00
6. click on css=tableRow:nth-child(3) input OK 17:27:00
7. click on linkText=CATALOGO OK 17:27:00
8. click on linkText=Aggiungi ai Preferiti OK 17:27:01
9. assertElementPresent on id=preferiti OK 17:27:01
10. assertElementPresent on css=td:nth-child(2) OK 17:27:02
*TC_2.3.1* completed successfully 17:27:02
  
```

2.4.Test_Aggiungi

ID	TC_2.4.1
Output atteso	Il contenuto non viene aggiunto al catalogo perché il campo titolo è vuoto.
Output di sistema	Il contenuto non viene aggiunto al catalogo perché il campo titolo è vuoto.
Esito	Fail

The screenshot shows the Eclipse IDE with the following components:

- Project Explorer:** Shows a project named 'Planetvideo' with various sub-packages like 'bean', 'control', 'model', and 'src'. The file 'TestAddCatalogItem.java' is selected in the 'src' package.
- Editor:** Displays the code for 'TestAddCatalogItem.java'. It contains two test methods:

```

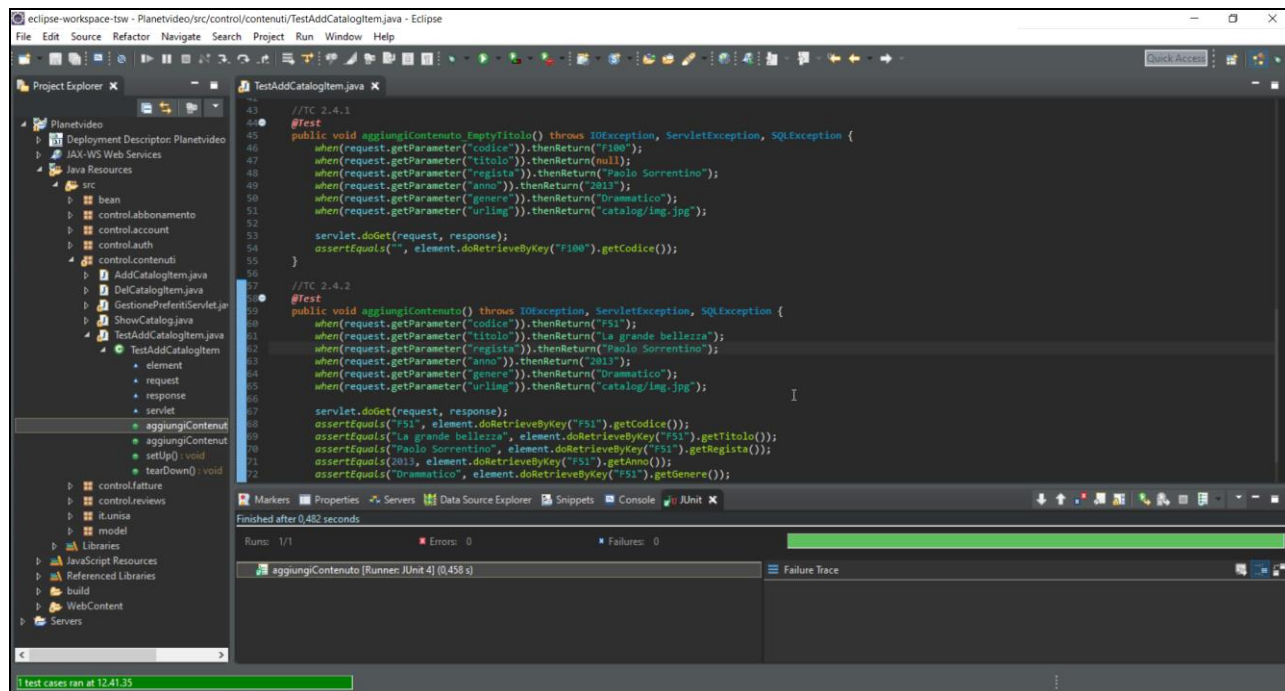

//TC 2.4.1
@Test
public void aggiungiContenuto_EmptyTitolo() throws IOException, ServletException, SQLException {
    when(request.getParameter("codice")).thenReturn("F100");
    when(request.getParameter("titolo")).thenReturn(null);
    when(request.getParameter("registra")).thenReturn("Paolo Sorrentino");
    when(request.getParameter("anno")).thenReturn("2013");
    when(request.getParameter("genere")).thenReturn("Drammatico");
    when(request.getParameter("urlimg")).thenReturn("catalog/img.jpg");

    servlet.doGet(request, response);
    assertEquals("element.doRetrieveByKey(\"F100\").getCodice()",
}

//TC 2.4.2
@Test
public void aggiungiContenuto() throws IOException, ServletException, SQLException {
    when(request.getParameter("codice")).thenReturn("F51");
    when(request.getParameter("titolo")).thenReturn("La grande bellezza");
    when(request.getParameter("registra")).thenReturn("Paolo Sorrentino");
    when(request.getParameter("anno")).thenReturn("2013");
    when(request.getParameter("genere")).thenReturn("Drammatico");
    when(request.getParameter("urlimg")).thenReturn("catalog/img.jpg");

    servlet.doGet(request, response);
    assertEquals("F51", element.doRetrieveByKey("F51").getCodice());
    assertEquals("La grande bellezza", element.doRetrieveByKey("F51").getTitolo());
    assertEquals("Paolo Sorrentino", element.doRetrieveByKey("F51").getRegista());
    assertEquals(2013, element.doRetrieveByKey("F51").getAnno());
    assertEquals("Drammatico", element.doRetrieveByKey("F51").getGenere());
}
      
```
- JUnit Console:** Shows the execution of the test 'aggiungiContenuto_EmptyTitolo' (Runner: JUnit 4) which took 0.496 seconds. The status is 'Finished after 0.519 seconds' with 0 errors and 0 failures. A green progress bar indicates successful completion.
- Failure Trace:** Currently empty.
- Status Bar:** At the bottom, it says 'test cases ran at 12:41:35'.

ID	TC_2.4.2
Output atteso	Il contenuto viene aggiunto correttamente al catalogo.
Output di sistema	Il contenuto viene aggiunto correttamente al catalogo.
Esito	Fail

2.5.Test_Rimuovi

ID	TC_2.5.1
Output atteso	Il contenuto viene rimosso correttamente dal catalogo.
Output di sistema	Il contenuto viene rimosso correttamente dal catalogo.
Esito	Fail

3. GESTIONE RECENSIONI

3.1. Test_Aggiungi

ID	TC_3.1.1
Output atteso	La recensione non verrà aggiunta.
Output di sistema	La recensione non verrà aggiunta.
Esito	Fail

The screenshot shows the Selenium IDE interface for a project named 'PlanetVideo'. The test 'TC_3.1.1' is selected and its steps are visible in the main pane:

Step	Command	Target	Value
7	click	linkText=CATALOGO	
8	click	xpath=//a[contains(text(), 'Vai a Recensione')][2]	
9	type	name=voto	2
10	click	name=voto	
11	type	name=voto	3
12	click	name=voto	
13	type	name=voto	4
14	click	name=voto	
15	type	name=voto	5
16	click	css=tableRow:nth-child(3) input:nth-child(1)	
17	assert element not present	css=tr:nth-child(3) > td:nth-child(2)	

The Log pane at the bottom shows the execution results for each step, indicating that the test 'TC_3.1.1' completed successfully.

The screenshot shows the Eclipse IDE with the source code of the 'TestAddReviewItem.java' file. The code includes the following key sections:

```

@before
public void setUp() throws Exception {
    MockitoAnnotations.initMocks(this);
}

@after
public void tearDown() {
    request = null;
    response = null;
    session = null;
}

//TC 3.1.1
@Test
public void aggiungiRecensione_EmptyTesto() throws IOException, ServletException, SQLException {
    when(request.getParameter("testo")).thenReturn(null);
    when(request.getParameter("voto")).thenReturn("5");
    when(request.getSession()).thenReturn(session);
    when(session.getAttribute("codiceCont")).thenReturn("F32");

    servlet.doGet(request, response);
    assertEquals(0, element.doRetrieveByKey("F32").size());
}

```

The bottom of the IDE shows the JUnit runner output, indicating that the test 'aggiungiRecensione_EmptyTesto' passed successfully after 0.459 seconds.

ID	TC_3.1.2
Output atteso	La recensione verrà aggiunta correttamente.
Output di sistema	La recensione verrà aggiunta correttamente.
Esito	Fail

4.4.Test_RinnovoAbbonamento

ID	TC_4.4.1
Output atteso	Il tasto “Rinnova abbonamento” non verrà mostrato.
Output di sistema	Il tasto “Rinnova abbonamento” non verrà mostrato.
Esito	Fail

The screenshot shows the Selenium IDE interface for a project named 'PlanetVideo'. The test suite 'TC_4.4.1' is selected. The test steps are as follows:

Step	Command	Target	Value
1	open	http://localhost/PlanetVideo/login.jsp	
2	click	name=username	
3	type	name=username	andrefilm
4	click	name=userpass	
5	type	name=userpass	andrea80
6	click	css=tableRow:nth-child(3) input	
7	click	linkText=ACCOUNT	
8	click	id=button2	
9	assert element present	id=abbContainer	
10	assert element not present	id=estendi	

The Log tab shows the following results:

- 5. type on name=userpass with value andrea80 OK 17:29:35
- 6. click on css=tableRow:nth-child(3) input OK 17:29:35
- 7. click on linkText=ACCOUNT OK 17:29:35
- 8. click on id=button2 OK 17:29:36
- 9. assertElementPresent on id=abbContainer OK 17:29:36
- 10. assertElementNotPresent on id=estendi OK 17:29:37
- 'TC_4.4.1' completed successfully 17:29:37

ID	TC_4.4.2
Output atteso	L'abbonamento verrà rinnovato correttamente.
Output di sistema	L'abbonamento verrà rinnovato correttamente.
Esito	Fail
